

VENUE

by Three Petals

*A blank canvas for
your imagination*

ABOUT US

At the VENUE, we celebrate individualism. Just like every couple, corporate VP or coordinator is different, every event should be unique and custom-tailored to taste. Our 11,000-square-foot space, located in beautiful Huntington Beach, serves as a blank canvas for your imagination.

Our experienced staff and talented design teams are ready to refine and execute your vision.

Are you ready to share?

OUR STORY

Believe it or not, the roots of this 11,000-square-foot modern space stem from a start-up operation in a two-car garage. Three Petals founder Catherine Chu's sister was getting married, and the thought of gifting a blender or dining set would not suffice for the young creative. Instead, Cat conceptualized and produced the wedding's design elements, from the seat covers to flowers to the party favors.

In 2001, working from her mother's garage, Cat launched Special Occasions, a design studio specializing in decor and seat covers. Eventually, as Cat crafted and refined her skills with floral arrangements, Special Occasions evolved into Three Petals Floral and Event Design.

Craft Cuisine

CATERING

We offer in-house catering, with a master chef classically trained in the art of traditional Asian cuisine. We also offer a diverse array of pre-selected menus sure to delight a range of palates. Of course, you can tailor any dish according to your dietary needs.

For events that call for a specific style cuisine not offered by the VENUE, we have a curated list of preferred caterers with a tried-and-tested track record of delighting many a taste bud.

EAT-EASY POP-UP RESTAURANTS

The VENUE is really a melding of minds and purposes. We want to bring people together, not just for private events but to promote small businesses in the greater Los Angeles/Orange County area. At least once a month, we partner with a local chef or food truck for an event we have dubbed the “EAT-easy”—a speakeasy-inspired food party.

LOUNGE

While we can accommodate up to 750 people, our massive space is set up for more intimate affairs as well. Using a camouflaged tracking system, we can partition the space into smaller rooms. This is particularly useful for our lounge area, which is equipped with a full bar and signature cocktails.

Sit. Drink. Enjoy.

EVENTS

WEDDINGS

As the natural next step for Three Petals, the VENUE will lead the market in event design as well. Our design team will collaborate, refine and execute all client concepts. We offer set packages, which include floral, food and alcohol, lighting and entertainment services, but all can be customized to preference.

CORPORATE MEETINGS

The VENUE is an optimum location to hold business conferences and corporate presentations. Our state-of-the-art audio and visual system includes a 12 ft. by 6 ft. video wall, integrated control system, wireless microphone system, HDMI connections and Wifi. There's a five zone audio system with 40 speakers, while lighting can be adjusted to your preference.

OTHER SPECIAL OCCASIONS

While we specialize in weddings, our space is set up to host any event. Think: Mother's Day tea and brunch, an Easter egg hunt, a Labor Day white party, fundraisers and charity events.
